This policy is reviewed and updated annually to ensure that emergency evacuation from examination rooms at St Gabriel's RC High School is managed in accordance with current requirements and regulations.

References in this policy to ICE refer to the JCQ publication **Instructions for conducting examinations**.

Introduction

An emergency evacuation is required where it is unsafe for candidates to remain in the examination room. This might include a fire, the fire alarm sounding to warn of fire, bomb alert or other serious threat.

In exceptional situations, where candidates might be severely disadvantaged or distressed by remaining in the room, the emergency evacuation procedure may also need to be followed. This might include situations where there is severe disruption in the examination room, serious illness of a candidate or invigilator or similarly serious incidents.

- As each incident may be different, advice will be sought (if applicable) from the relevant awarding body as soon as it is safe to do so, particularly where there is concern about the security of the examination(s) (ICE 25.4)
- Where candidates are unable to return to the building to complete the examination, the relevant awarding body will be contacted immediately for advice. The awarding bodies have procedures in place to ensure that candidates are not disadvantaged where they are unable to complete the examination due to circumstances beyond their control (ICE 25.5)

Purpose of the policy

The purpose of this policy is to confirm the arrangements at St Gabriel's RC High School for dealing with an emergency evacuation of an examination room by defining staff roles and responsibilities and confirming the emergency evacuation procedure.

This policy ensures compliance with JCQ regulations (ICE 25.2) which state that centres must have a written policy for dealing with emergency evacuation of the examination room which is subject to inspection by the JCQ Centre Inspection Service.

1. Emergency evacuation procedure

Actions taken in the event of an emergency evacuation of the examination room

At St Gabriel's RC High School, the following actions (in accordance with ICE 25.3) are taken if an examination room has to be evacuated:

- Candidates are instructed to stop writing
- The attendance register is collected (in order to ensure all candidates are present)
- The examination room is evacuated in line with the instructions given by the appropriate authority
- Candidates are instructed to leave all question papers and scripts in the examination room. Candidates are advised to close their answer booklet(s)
- Candidates are instructed to leave the room in silence
- Candidates are supervised as closely as possible while they are out of the examination room so that there is no discussion about the examination
- The time of the interruption is noted and how long it lasted
- Candidates are allowed the remainder of the working time set for the examination once it resumes
- If there are only a few candidates, the possibility is considered of taking the candidates (with question papers and scripts collected by the invigilator) to another place to finish the examination
- A full report is made of the incident and of the actions taken, and sent to the relevant awarding body

Additional actions taken:

In the event of a fire alarm, invigilators are trained to

- When the fire alarm sounds, an invigilator is to stop the examination and make a note of the time.
- An invigilator is required to turn the radio to channel one to determine next steps from the Senior Leadership Team (SLT). This is

because the fire alarm may have triggered unnecessarily or it could be in another building.

- If SLT advise that an evacuation is not necessary, a note of the time that the fire alarm stopped should be noted. The candidates will be advised that they will have the full time for the paper of the exam and advised that they can continue working.
- An invigilator from the hall will need to inform those in other exam rooms such as M15 and the House whether they need to evacuate or not.
- If SLT advise that an evacuation is necessary, invigilators are to instruct candidates that they are to exit through the fire doors into the middle yard (stage 1) and line up into their forms.
- Candidates sitting exams in rooms other than the hall (such as M15 or the House) are to be held separately in the middle yard towards Curriculum Support side of the yard.
- If SLT advise that a stage 2 evacuation is necessary for all candidates, invigilators are to instruct candidates that they are to exit through the fire doors towards the middle yard, but to continue to the right hand side of the Sports Hall.
- If candidates are allowed back into the examination room, the full time will be to the candidates.
- When/if allowed to return to the examination room, invigilators allow candidates time to settle down, reminding them they are still under formal examination conditions and that they must not open their answer booklets until instructed to do so
- Invigilators announce clearly to candidates when they may begin and how much time they have (the examination will formally restart at this point)
- Invigilators record the time the examination(s) restarted and amend the displayed finishing time(s) for all candidates to see
- Invigilators are trained to record as much detail on the exam room incident log when able to do so (ensuring candidates are continually supervised and giving complete attention to this duty at all times) and to ensure the exams officer is fully briefed at the end of the examination(s) to enable a full report to be submitted to the awarding body/bodies
- Where not allowed to return to the examination room, or the decision is made by the appropriate authority that the examination(s) cannot be resumed, the centre's Exam Contingency Plan will be invoked and invigilators/candidates briefed accordingly at the time

Further actions taken:

Not applicable.

2. Roles and Responsibilities

The role of the head of centre

- Ensure that the emergency evacuation policy for examinations is fit for purpose and complies with relevant health and safety regulation
- Ensure that any instructions from relevant local or national agencies are referenced and followed where applicable (ICE 25.1)

Other responsibilities:

Not applicable.

The role of the senior leader

- Where responsible for the centre-wide emergency evacuation procedure, ensure that all staff and appointed fire marshals are aware of the policy and procedures to be followed when an emergency evacuation of an examination room is required

Other responsibilities:

Not applicable.

The role of the Additional learning support (ALS) lead/Special educational needs coordinator (SENCo)

- Ensure that appropriate arrangements are in place for the emergency evacuation of a disabled candidate from an examination room where different procedures or assistance may need to be provided for the candidate

- Ensure that the candidate is informed prior to taking their examinations of what will happen in the event of an emergency evacuation

Other responsibilities:

Not applicable.

The role of the exams office/officer

- Ensure that invigilators are trained in emergency evacuation procedures and how an incident and actions taken must be recorded
- Ensure that candidates are briefed prior to examinations taking place, on what will happen in the event of an emergency in the examination room
- Provide invigilators with a copy of the emergency evacuation procedure in every room
- Provide a standard invigilator announcement for each exam room which includes appropriate instructions for candidates about emergency procedures and what will happen if the fire alarm sounds
- Provide an exam room incident log in every examination room
- Liaise with relevant staff prior to each examination session where different procedures or assistance may need to be provided for a disabled candidate
- Brief invigilators prior to each examination session where different procedures or assistance may need to be provided for a disabled candidate
- Ensure that appropriate follow-up is undertaken after an emergency evacuation, reporting the incident to the awarding body and the actions taken through application of the **special consideration** process where applicable (in cases where a group of candidates have been disadvantaged by a particular event)

Other responsibilities:

Not applicable.

The role of invigilators

- By attending training and/or update sessions, ensure they understand what to do in the event of an emergency in the examination room
- Follow the actions required in the emergency evacuation procedure issued to them for every examination room
- Confirm with the exams officer, where different procedures or assistance may need to be provided for a disabled candidate they are invigilating
- Record details on the exam room incident log to support follow-up reporting to the awarding body by the exams officer (see below)
