

St Gabriel's Curriculum Planning September 2023-24

INTENT	The Photography curriculum aims to engage, inspire and challenge pupils through a wide variety of themes, preparing them with the knowledge and skills to experiment, imagine, invent and create their own work to express their identity, ideas, beliefs and feelings. Photography contributes to the Catholic ethos of the school in how pupils explore the wonder of Gods creation and the details of His work through the investigation and development of their own artwork. Pupils are also encouraged to value other's unique ideas and talents, beliefs and opinions. Pupils discover how Photography both reflect and shape our history, and contribute to the culture, creativity and wealth of our nation.
